

(a) Compression Schemes

(b) Conflict Potential

$$\Phi(A, B) = D_{KL}(C_A || C_B) + D_{KL}(C_B || C_A)$$

$$D_{KL}(A || B) = 0.79$$

$$D_{KL}(B || A) = 0.96$$

$$\Phi = 1.75$$

(c) Divergence-Conflict Correlation
